### Other facts about Adani

- **Duty evasion charges of 25 billion:** Adani and other industries has been accused by Directorate of Revenue Intelligence (DRI) of dodging import duty amounting to about 25 billion US \$ on coal imports. Investigations underway.
- **Denied security clearances:** Adani has failed to win bids for expansion opportunities at the Vizag port, the Chennai port, the Vizhinjam port and the JNPT terminal. It has been denied security clearances for most of these projects due to money laundering charges
- **Land Scam:** There has been an uproar in the Gujarat State Assembly over the allotment of huge tracts of land at throw away prices.
- **Adani demands increase in tariff for imported coal:** Adani Power petitioned India’s regulation setting agency Central Regulatory Electricity Commission (CERC) seeking tariff increase due to import of coal and CERC has ordered compensatory tariff. This means that consumers will pay more for electricity and COAL is not becoming cheaper for Indians
