Dear Sir/Madam

Notification of Decision

Application for the postponement of compliance timeframes in terms of Regulation 11 of Section 21 of the National Environmental Management: Air Quality Act - Minimum Emission Standards for Sasol South Africa Limited operating through its Sasolburg Operations

We would like to thank all Interested and Affected Parties (I&APs) who participated in the postponement application process for Sasol South Africa Limited operating through its Sasolburg Operations (SO).

The National Air Quality Officer (NAQO) granted the postponement in concurrence with the local licensing authority (Fezile Dabi District Municipality). The NAQO required the variation of SO's Atmospheric Emissions Licence (AEL) to align with the abovementioned postponement decision. Following the variation application to the local licensing authority in this regard, the AEL was accordingly varied and issued to SO.

A copy of the aforementioned postponement decision is available on SRK's website at <https://docs.srk.co.za/en/za-sasol-2019-mes-postponement-applications>. Electronic copies of this notification and the postponement decision are also available on request from the SRK Public Participation Office, the contact details of which appear below.

Sasol is in the process of uploading the renewed AEL (FDDM-MET-2013-23-P3) on the Sasol website (<https://www.sasol.com/sustainability/downloads/sasolburg-operations>). It will be available shortly however in the interim, please contact SRK at the contact details below regarding availability of the AELs..
